Kelantan victims lost RM1.5m to Macau scammers

KOTA BARU: Macau scam victims here lost almost RM1.5 million in the first eight months of this year, said state police chief Datuk Shafien Mamat. He said the amount was recorded by their Commercial Crime Investigation Department between January and last month. However, he said the figure dropped compared to the same period last year, where Macau scam victims suffered RM4.1 million in losses.

“During the eight-month period this year, state police recorded 45 Macau scam cases with losses estimated at about RM1.5 million,” he said in a statement. He added that the majority of the victims were government pensioners, and that police have since detained several suspects involved in the activities.
